vtech

Abridged user's manual (Canada version)

Charge the battery

charger to charge

Congratulations

on purchasing your new VTech product. Before using this product, please read Important safety instructions.

This abridged user's manual provides you with basic installation and use instructions. A limited set of features are described in abbreviated form.

Please refer to the online Complete user's manual for a full set of installation and operation instructions at www.vtechcanada.com.

lephones identified with this ogo have reduced noise and erference when used with most T-coil equipped hearing aids and cochlear implants. The TIA-1083 Compliant Logo is a trademark of the ecommunications Industry Association. Used under license.

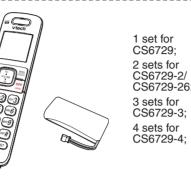

1 set for CS6729-2 CS6729-26: 2 sets for CS6729-3; 3 sets for CS6729-4

What's in the box

Your product package contains the following

- · Make or answer a call using the handset
- During a call, press to switch between the speakerphone and the handset

- MUTE/DELETE

- Mute the microphone during a call. Delete digits or characters while using the
- dialing keys. Silence the ringer temporarily while the handset is ringing.

 While you have set the dial mode to pulse and on a call, press to switch to tone dialing temporarily.

· Press to add a space when entering names

 Press repeatedly to add or remove 1 in front of the caller ID log entry before dialing or saving it to the directory.

Press and hold to set or dial your voicemail

13 - TALK /FLASH

- Make or answer a home call.
- · Answer an incoming home call when you hear a call waiting alert.

14 - REDIAL/PAUSE

· Press repeatedly to review the redial list.

Press and hold to insert a dialing pause while

15 - VOLUME/**▲**/᠍♡

- Review the directory when the phone is not in
- Increase the listening volume during a call. Scroll up while in a menu, or in the directory,
- caller ID log, or redial list Move the cursor to the right when entering
- numbers or names.

VOLUME/▼/CID

- · Review the caller ID log when the phone is not in
- · Decrease the listening volume during a call. Scroll down while in a menu, or in the
- directory, caller ID log, or redial list.
- · Move the cursor to the left when entering numbers or names
